BUTTERFLY

Make a simple butterfly by adding paint to half a piece of paper. Then fold, press down and open up to reveal a butterfly.

Use a pen to add details making sure you do the same on each side of the butterfly.

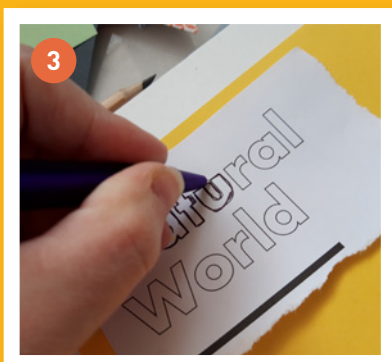

INSTANT TRANSFER PRINT

1 Use a 4B pencil and shade in an area on the paper

2 Place the shaded side of paper down on your sketch pad

3 Place an image or text over the shaded area. Draw around it pressing firmly using a pen.

4 Here you have a instant transfer print. Follow these steps using other shapes, patterns or pictures to draw around.
