VISION AND STRATEGIC PLAN, 2015-25
SUMMARY

TRANSFORMING CULTURE IN HAMPSHIRE: CREATING A WORLD-CLASS COUNTY BY 2025

FOREWORD

When I was first asked to become involved in establishing Hampshire Cultural Trust I was extremely excited to be included in such a courageous ambition. Now, 18 months later, the aspiration couldn't be more real and I am proud to be launching our Strategic Vision and Plan.

When Hampshire County Council and Winchester City Council transferred their 23 museums and arts centres it was because they recognised that an independent trust could do an even better job of inspiring culture and changing lives. This has been a brave step and Hampshire was one of the first counties in the country to take it; I am sure it will not be the last.

I am confident that as an independent trust we will run these assets to the highest possible standard and become the inspiration for all culture in a county where creative talent and cultural heritage are found in abundance.

We truly believe that we can change the lives of every single person we engage with, sometimes for a day and sometimes for a lifetime.

Our vision and plan is bold and exciting and it is my belief that, in a county as enterprising and strong as Hampshire, this is the route to success.

Alan Lovell

Chair of Trustees, Hampshire Cultural Trust

EXECUTIVE SUMMARY

Hampshire Cultural Trust champions world-class culture which changes people's lives. It is an independent charity that exists to showcase, connect and empower Hampshire's culture and creative economy.

By 2025 we will, with partners, have transformed our diverse portfolio into a strong, dynamic and sustainable offer that brings world-class culture to local people and draws in visitors and interest from across the globe.

The Strategic Plan presents a framework for how we will achieve this ambition within ten years. The rolling five year Action Plan will provide the detailed route map and planned allocation of resources.

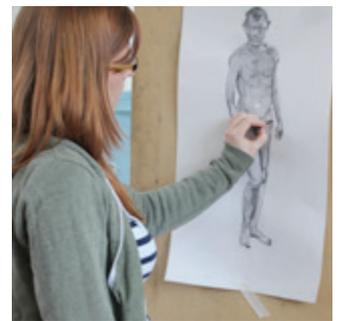

CURRENT OFFER

Hampshire Cultural Trust was established in 2014 to promote Hampshire as a great cultural county and to operate arts and museums facilities previously operated by Hampshire County Council and Winchester City Council.

We directly manage and support 26 arts and museums attractions across Hampshire (23 directly and three in partnership), and deliver county-wide outreach programmes that bring great culture to local communities. We work with young people and target audiences from diverse backgrounds in all areas including literature, rural arts touring, the visual arts and local history. In addition, we look after 2.5 million objects relating to Hampshire's internationally significant cultural heritage.

We provide strong sector leadership working with key partnership projects.

KEY PARTNERSHIPS

Collaboration and partnerships are critical to the future success of Hampshire Cultural Trust and its ability to deliver on a bold ambition. Our partners include:

Strategic partners – the Trust’s ‘Founding’ and ‘Core’ Local Authority funding partners and others, such as Arts Council England, who provide resources and help inform strategic direction.

Community partners – organisations and businesses that work with local venues and the Better Life Chances programme to support and enhance the quality of offer.

Cultural partners – Hampshire’s great treasures, regional and national cultural organisations that share HCT ambitions, working together where collaboration creates greater impact.

Individual partners – Ambassadors, Culture Card holders and the individuals who volunteer their time to be part of the Trust team providing support behind the scenes and a welcome to our customers.

Corporate partners – partnerships with county-based and national businesses who share the same values as the Trust and want to make a commitment to its future.

International partners – we also aim to develop and grow our partnerships with international cultural and corporate organisations.

RESOURCES AND RISK MANAGEMENT

By 2019, we must have filled an annual funding gap of at least £500,000. At the same time, our ambition is to grow the level of investment in Hampshire culture allowing us to modernise the offer and create truly memorable cultural experiences for local people and visitors to our venues and events.

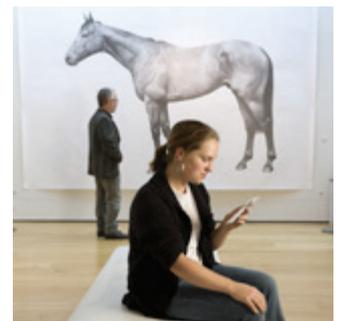

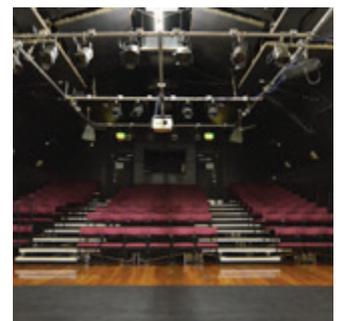

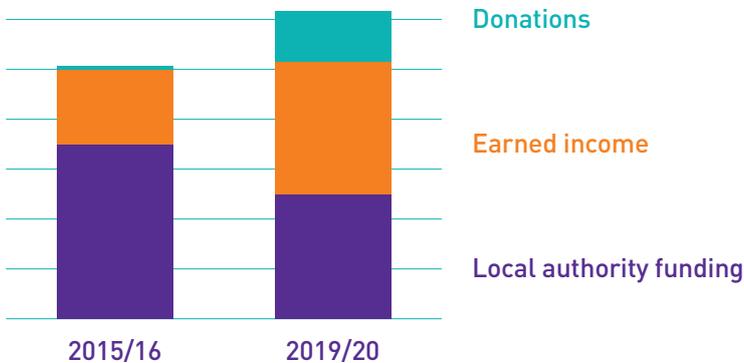

We must diversify our funding base significantly within the next three years to ensure it is financially sustainable in the long-term, and has the capacity to grow. We will need to continue to demonstrate outstanding value for money and build on our current track record in partnership working to maximise opportunities for co-investment.

Our team consists of over 140 dedicated staff with a mix of sector expertise and commercial experience. This valuable resource is bolstered by the generous commitment of over 400 volunteers. Our supportive development of this team is vital to the success of the Trust, and will ensure it becomes known as a great place to work.

Maintaining and growing our reputation lies at the heart of our approach to risk management. We will concentrate on identifying and mitigating risk particularly in the areas of Strategy, Finance, Operations (including Health and Safety) and Compliance. Governance oversight will be provided by the Finance, Investment and Audit Group.
